Clifford+T from pure-X/Z measurements

Gate	Measurements / resources	Correction
S	phase teleportation $+\,\lvert Y\rangle$	$Z^{m\oplus n}X^{m}$
T	phase teleportation $+\,\lvert A\rangle$	$S^{m}Z^{n}X^{m}$
H	$S \to S_X \to S$ $\;(3\,\lvert Y\rangle)$	Pauli frame
CNOT	$Z_cZ_a,\ X_aX_t,\ Z_a$	$Z_c^{v}X_t^{u\oplus w}$
CZ	$H_t \cdot \mathrm{CNOT} \cdot H_t$	$\leq 6\,\lvert Y\rangle$

Only pure-X or pure-Z logical measurements are required.
